CIVIL WAR URGED BY LABOR LEADER

In Radical Address To State Federation Of Labor In Session At Paducah

(By Associated Press)
Paducah, Ky., Sept. 11.—At the Kentucky Federation of Labor convention here today, Fred McCreery, of Paducah, international vice president of the Brotherhood of Railway Carmen, declared he is opposed to any arbitration board in disputes between capital and labor, which gave the public representation and suggested civil warfare to "restore democracy in America," should that be necessary. He indicated the belief that the Chicago injunction denied labor the right to strike, "which is the only weapon you have against capital," he said, and "thus places you in the power of the bosses." He charged the Railway Labor Board's action was influenced by capital and by a biased public. He urged assessment of all members of 50 cents a month for the establishment of a "great daily newspaper which would represent the cause of labor and at the same time give the news." He said such an assessment would net \$12,000,000.

COMBS BREAKS BATTING SLUMP

After a batting slump for several days, Earl Combs, local baseball idol, with the Louisville Colonels, came back with a rush on Sunday. In the twin bill which Louisville divided with Toledo, Combs made five hits in eight trips to the plate, including two triples and a double. In the first game, which his team lost, 3 to 1, Earl brought in the only run when his single in the 6th was followed by hits on the part of Kirke and Ellis. In the 8th he sent a three-bagger to deep center but was out trying to stretch it into a home run. However, his good work at the bat was offset a little by an error in the 7th. He let Koerber's single get away from him allowing Koerber to circle the bases.

In the second game, Combs made two hits in four trips to the plate, one being a triple and the other a double. Louisville won this game in 10th inning. When the Colonels were two runs behind, Earl tripled and came home on a sacrifice fly. This was in the 7th. In the 9th he drove in the tying run with his two-bagger. In this game he did not have an error but had only one fielding chance.

Hard Coal Miners Back
Scranton, Penn., Sept. 11.—A contract that sent 150,000 anthracite miners back to work at their old wages, after being idle for many months, was signed today by representatives of the miners and operators.

DONT KILL THE DOVE

Won't someone plead the cause of the innocent dove, the most harmless creature that God ever made? Not a thing in the sea nor an insect that floats in the air, nor creature that lives upon the earth that the dove ever harms or hurts.

It will be remembered when the earth was covered with water and Noah's ark was floating around, that he sent out a bird, called the raven to find some land. The raven, doubtless, was drowned. It never came back. After a few days, Noah sent a dove on the same mission. The dove soon returned, not finding a place to land. In about seven days he sent out the dove again and it soon returned with an olive branch. In a short time he sent the dove out again and this time he sent the dove's wife with him and they never came back.

There is no reason that the dove should be killed for it is not fit for food and it is cruel sport to kill it for that purpose. Spare the dove, the emblem of innocence and purity.

HEARD ABOUT TOWN

Louise, the little nine-months-old daughter of Mr. and Mrs. Jas. Kuykendall, is dangerously ill, having been suffering with convulsions since Saturday noon. Their friends hope to hear of her early recovery.

Mr. Buford Gormley, employee of Douglas & Simmons, hardware merchants here, leave soon for a two weeks' vacation. He plans a very nice outing and expects to do some fishing in a place that he says is a dandy.

Daniel East, of Garrard county, and a subscriber of the Daily Register, brought three big apples to this office Saturday which total three pounds. These will not break the record which is a pound and three ounces for one, but they are some apples. The tree is ten years old and has been trimmed only once. It yielded ten bushels of these apples this year.

The Danville Advocate said last week: Dr. W. O. Sadler, who holds the pastorate of the Methodist church at Richmond, was a delightful visitor in Danville this week. He formerly held the pastorate of the Danville church and while here became universally popular with all denominations. He spoke in the highest terms of Dr. J. M. Fuqua, the present minister of the Methodist church in this city and said that Danville was indeed fortunate in having such an able minister. The Advocate believes that both Richmond and Danville are exceedingly fortunate in having a Sadler and a Fuqua—would there were more of their kind. They are both student preachers—they study the happenings of the day—the trend of the times—and take their sermons from what they see, making them conform with the Bible teachings. The minister of the day must be modern to hold his audiences, yet he must ever hark back to the One Book that has stood the test of time.

The friends of T. C. Vaughn will be pleased to learn of his recent promotion in the coal fields of the Hazard district. He has been manager of the store at Daina owned by the Consolidation Coal Company. He attended a meeting of the store managers in Pittsburg last week and while at this convention, he was made district manager of the entire chain of stores owned by the big company. Victor Gabany, who also managed a small store for the company at Daina, was promoted to the management of the big store of which Mr. Vaughn had previously been in charge.

W. W. Broadus & Company have been making extensive improvements at their yards in the East End the past week. Concrete bins have been installed, which will enable them to handle their large building material business in a more satisfactory manner. It will do away with the waste and dirt which has heretofore accumulated and will make loading the wagons an easier matter. Mr. Broadus says it has been a hard proposition to get building material shipped to Richmond this summer and at the present time his yards are fortunate in having a supply. Speaking of the coal situation, Mr. Broadus stated that the outlook is not very promising. In order to fill orders which have begun to pour in, he has been sending his big wagons to Big Hill and bringing coal through the country and while this method is very tedious it is helping to relieve the situation to some extent. From reports received the past week from the eastern coal fields, it appears the miners have only been able to work one day on account of shortage of coal cars and that while there is plenty of coal and miners willing to work now, many mines are still idle.

EDGAR DOTY WINS BIG STAKE AT CORBIN

Four Days' Tri-County Fair Is Big Success—Some of the Winners

Corbin, Ky., Sept. 11.—The Tri-County Fair of Knox, Whitley and Laurel counties held here, closed Friday after a successful four days. The first day was children's day and the county school fair was held in connection with the fair. This was a great event in fair history of the state and places Eastern Kentucky on the map for even more successful events in the future. More than 100 horses were on the grounds consisting of trotters, pacers, runners, saddle and harness types, being from Alabama, Tennessee, Georgia, Florida and Kentucky. The high premiums offered brought high class horses of all types and the half mile track was very attractive to the racers. Spring Smith, of Alabama, Hodge, of Florida, and Rogers, of Alabama, had outstanding trotters and runners.

The fair officials are to be heartily congratulated on the great success of their first fair, and they have already commenced to plan for next year's fair being larger and better than this year's.

Mr. Howell, of Louisville, was the judge of the horse shows and made many friends in the new horse show field. He was also one of the judges in the baby show and the boy baby under one year old winning the blue was named Woodrow Wilson Howell, but Mr. Howell vows yet that he didn't know it.

In the saddle and harness classes the following are some of the results:
\$100 Sweepstakes 5-gaited saddle stallion, mare or gelding, any age, ten entries: Sara Kathleen, first, owned by R. B. Minton, Barbourville, Doty, up. Flashing Glory second, owned by Nola Minton Viall, Barbourville, Mrs. Viall, up. Vandetta third, owned by E. W. Minton, Barbourville, Frank Teaters, Crab Orchard, fourth, with chestnut mare.

\$100 Plantation Classic: William Martin, Paris, Ky., first; Frank Teaters, Crab Orchard, second. Mack Hughes, Danville, third.

\$100 Roadster Class: Won by Spring Smith, of Alabama, Doty driving. Fancy harness class won by Flashing Glory, owned by Mrs. Nola Minton Viall, Barbourville. Mack Hughes second with his black mare.

The 2-year-old 5-gaited class was won by The Feudist over his rival Vendetta, both of the Minton stables.

The \$300 championship stake for best 5-gaited saddle stallion mare or gelding, any age, was shown Friday night before a packed grandstand, this being the first night show ever held in the mountains of Eastern Kentucky. There were nine horses, and to be eligible to this stake every horse had to have a first or second ribbon to its credit. The fair officials are to be congratulated on their handling of this high class show. The horses were called to the gate by the beautiful clear tones of the bugle ringing out thru the mountain moonlight night. Entries were held at the gate until all were ready and then to the martial strains of "The Star Spangled Banner" Dr. L. D. Wigginton, secretary of the fair, led the triumphal march, carrying Old Glory before him. The prancing horses seemed even to enter into the spirit of the occasion and the riders with heads uncovered passed before the cheering thousands. Every horse made a magnificent show, but the individual show made by the only lady rider in the ring, Mrs. Nola Minton Viall, on her mare, Flashing Glory, was the sensation of the event. Flashing Glory is a golden chestnut mare with four white feet and white face with wonderful show-horse spirit and animation and Mrs. Viall rode her to perfection.

Sara Kathleen, of the Minton Stables, of Barbourville, with Edgar Doty, of Richmond, up, won first.

Flashing Glory, owned and ridden by Mrs. Viall, of Barbourville, second. Vandetta, 2-year-old, of the Minton Stables, with Coates up, third. The Feudist, Minton Viall was first, with Miss 2-year-old, of the Minton Stables, Apple, of Corbin, second.

CARUSO'S WIDOW AND HER SISTER, GIVEN DOLLAR EACH BY FATHER, TO CONTEST WILL

Preparations are being made to contest the will of Park Benjamin, prominent New York lawyer, by which he cut off his five children with \$1 each and left the bulk of his \$500,000 estate to Anna Bolehi Benjamin, an adopted daughter. Benjamin asserted that his children lacked in filial devotion. The photo shows two of the Benjamin children, Mrs. Dorothy Benjamin Caruso, widow of the famous tenor (right) and Mrs. F. W. Goddard.

FORD SAYS HIS MEN MUST BE ALL DRY

(By Associated Press)
Detroit, Sept. 11.—Henry Ford today issued a notice to the 70,000 employees of the Ford Motor Company that they would be dismissed immediately if their breath smelled of liquor or they had liquor in their homes. He said: "The 18th amendment is a fundamental law of the country and as far as our organization is concerned, it is going to be enforced to the letter."

LOCAL BOY IS INJURED IN FALL

Goebel Peyton, of this city, while helping in the construction of a barn near Nicholasville on the Harrodsburg pike Saturday, fell 26 feet to the ground. He sustained a deep scalp wound and injuries about the back. The accident happened when Peyton made an effort to change positions on top of the barn. Several other men were working on the building at the time and saw him fall. They hastened to his assistance and rushed him to Nicholasville where as much as possible was done for the injured man. The scalp wound is a very deep one and extends the full length of his head. Mr. Peyton is reported as resting easy by members of the family who have visited him, although he will be confined to his bed for some time. His friends are glad that more serious injuries did not result.

MILLION

Miss Hazel Broadus of Baldwin, has been spending a few days with Miss Amanda Jane Burrus.

Several from here attended court day in Richmond. Mrs. Walter Sanders and Miss Alma Lee Sanders, her daughter, spent Thursday with Mrs. Wallace Kanatzar.

Large crowds are attending the revival at Antioch church.

Mr. Yodar Million is going to school at Newby which began on Tuesday.

With Nicholson, of Corbin, up, won fourth. Mack Hughes, of Danville, won fifth place with his bay Rex Peavine stallion, ridden by Fischer of Danville.

The Ladies' Riding Class followed the stake and Mrs. Nola Coates up, third. The Feudist, Minton Viall was first, with Miss 2-year-old, of the Minton Stables, Apple, of Corbin, second.

MRS. HARDING IS STILL IMPROVING

(By Associated Press)
Washington, Sept. 11.—Secretary Weeks, after a call at the White House, said that Mrs. Harding's slight improvement yesterday is continuing with the patient's temperature getting nearer normal. He indicated a decision to operate had not yet been reached. He said that Dr. Mayo told him developments would be awaited.

The improvement in Mrs. Harding's condition continued during the forenoon. The official bulletin also definitely announced the decision to defer an operation. President Harding is reported as greatly encouraged and an air of optimism pervaded the White House. The arrival of Dr. Mayo, specialist from Rochester, Minnesota, seemed to strengthen the hope that the patient would successfully pass through the present crisis. Brigadier General Sawyer, the family physician, is also understood to have informed the president's close friends that there is a chance the attack might clear up as have her previous attacks.

RAILROAD OFFICE BURNS AT RAVENNA

Irvine, Ky., Sept. 11.—The office of the general foreman of the Louisville and Nashville roundhouse at Ravenna was destroyed Sunday morning about 5 o'clock by a fire which originated from defective electric wiring. All office records were saved and the construction of a new building will be started immediately. The loss was about \$10,000.

The structure was discovered in flames by one of the shop employees who called out the roundhouse fire fighting equipment. It was impossible to make headway against the conflagration, which reduced the frame building to ashes in a very short time. Railroad officials announced that the new office would be a two-story brick building.

Almost immediately after the roundhouse blaze, the home of James Cole, of Irvine, was destroyed by fire, the cause being given as a defective kitchen stove. The loss was approximately \$5,000.

Worry over her bobbed hair is believed to have caused Miss Norma Tefner of New York to take her life by suicide.

WANTS TO IMPEACH ATTORNEY GENERAL

(By Associated Press)

Washington, Sept. 11.—The impeachment of Attorney General Daugherty was attempted in the House today by Representative Keller, of Minnesota, an independent republican, who, arising to a question of highest privilege declared "I impeach Harry M. Daugherty." There was so much confusion that the rest of his opening sentence was not heard and he was forced to stop on a point of order that there was no quorum. Keller's motion was finally referred by an overwhelming vote to the judiciary committee, which, in the opinion of leaders, finally disposes of it.

Chicago, Sept. 11.—Attorney General Daugherty grinned broadly when shown an A. P. dispatch telling of the move to impeach him, but offered no comment.

ARGUMENTS BEGIN ON R. R. INJUNCTION

(By Associated Press)

Chicago, Sept. 11.—Arguments on the government's motion to make permanent the temporary injunction against the rail strikers opened today before Federal Judge Wilkerson. Attorney Richard B. M. Jewell, told the court that the bill was based on the assumption that the strikers are legally bound to obey the decision of the Federal Labor Board. He said the transportation act provided no means of enforcing the board's decisions. Attorney General Daugherty asserted the injunction did not violate the constitutional right of any person.

MARK PHELPS' FARM SELLS FOR \$28,000

Business has been brisk in the real estate circles in Madison county for the past few weeks. All of the realtors have been making some splendid sales and good prices for land have been realized. Last week Messrs. Long Tom Chenaud and C. T. Stone sold the Mark Phelps farm, on the Jack's Creek pike, containing 130 acres, to Turner Brothers, of Kirksville, for the splendid figure of \$28,000. Long Tom has a bunch of sales scheduled for the next ten days and says that Madison county land will have no trouble finding buyers who will pay a good price in order to live in the best county in the state of Kentucky.

New Champ Was Born At Allensville, Ky.

Jesse Sweetser, who triumphed over Chick Evans Saturday to win the national amateur golf championship, was born at Allensville, Todd county, Ky. His father is George Sweetser. His mother, Miss Boone Sambl before her marriage to Mr. Sweetser, holds the reputation in Todd county of being one of Kentucky's most beautiful women. The family moved from Allensville to St. Louis, when Jesse, who is only 20 now, was very young. From the Missouri city the Sweetsters went to New York where Jesse gained prominence earlier this year by winning the metropolitan golf championship.

OFFICERS COME FOR SUSPECTS

Wanted In Cleveland On Auto Stealing Charge—New York Murder Charge Dropped

John Lore and Nelson Caridgon, captured by Sheriff Elmer Deatherage a few days ago while speeding toward Richmond on the Irvine pike in an automobile they are alleged to have stolen from a party in Cleveland, are on their way here to answer charges against them. Emil Smith and James Kucera, both detectives from Cleveland, with E. C. McKinney, representative of the insurance company with which the car was insured, left for Cleveland Monday about noon with the prisoners. Lore was thought by the local authorities to be wanted in New York for murder, but when Joseph Kemp, New York detective, arrived he was not identified as the man wanted in New York in connection with the murder charge.

The automobile Lore and Caridgon are said to have stolen in Cleveland is of the Chandler make. Since securing it they have done a good deal of improvement work, including painting the car and putting on five new tires. The whole party including the detectives, prisoners and McKinney, left a little before noon in it for Cleveland. It is understood that the prisoners will be kept in jail at Cincinnati Monday evening. The New York detective was in town only a short while, arriving late Monday morning and leaving a little after noon.

TOO MANY USELESS CALLS GIVEN IN

A letter has been received by Mayor William O'Neil from Fire Chief Daugherty calling his attention to the unnecessary calls which are received by the local fire department. Mr. Daugherty points out that each call costs the city twenty-five or thirty dollars and wants the public to be sure there is need of the department before turning in a call. The letter is as follows:

"Wish to call your attention to unnecessary calls that come to the fire department. There should be some means of stopping this. Today we were called out and upon arriving at the place of the fire found a dish-rag on the back end of a stove on fire. This is a nuisance to all connected with the fire department, as they had to stop their work when the bell is sounded. This is also an expense to the city as it costs twenty-five or thirty dollars every time the firemen are called. There should be some way of notifying the public not to give in an alarm unless they are sure it is absolutely necessary.

WOMEN'S JURY HITS HARD IN ESTILL

Irvine, Ky., Sept. 11.—A jury of women in the Estill county court found T. Q. Wallace guilty of selling a pint of whisky to Woodford Baxter and fixed his fine at \$300 and gave him 30 days in jail. The witness testified he bought the liquor from Wallace in his store a week ago. The defendant denied that he sold the whisky. The jury was composed of Mrs. M. L. McKinney, Mrs. J. W. Ray, Mrs. Ed Wolfenbarger, Mrs. Robert H. Troutman and Mrs. S. R. McGinn.

SWIFT PRODUCE REVIEW

Lack of rain and dry pastures throughout producing sections have caused lighter deliveries of cream during the week and higher prices are being paid for butter fat and butter.

Quality of butter manufactured could be improved if deliveries of cream were more frequent—at least three times weekly—during the hot weather—and if more attention were given by producers to care and handling on the farm.

It is important that cream, to bring top prices, be clean, only slightly sour, and separated to show about 35 per cent butterfat. Warm cream should never be mixed with cold cream.

Higher temperatures throughout producing sections have affected the quality of eggs marketed. Fine, fresh eggs have advanced in price, but medium and poor stock is draggy. During warm weather eggs should be gathered daily, kept in cool place and marketed frequently.

The movement of poultry has been above the demand for current use, causing some decline in the market. A large amount of poultry remains to be sold and even marketing is suggested, as poultry plants are now generally in position to handle normal receipts. Buyers are paying lower prices for Leghorn chickens and fowls.

PREWITT REUNION IN MONTGOMERY COUNTY

"Mt. Pleasant," one of the most beautiful estates in Montgomery county, was the charming site for the annual reunion of the Prewitt family which was held Thursday, says the Mt. Sterling Advocate.

The home was built in 1805 by Jilson Payne, a member of the staff who wrote the constitution of Kentucky, and who donated the ground on which the Lulburg church was built. After Mr. Payne's death the property was purchased by James Prewitt and Henrietta Dawson who lived there during their lifetime and at their death their son, Senator Caswell Prewitt, took possession of the estate. The place was ideal for such a gathering, the day was delightful and the lunch was elaborate and very delicious. Those present were: Descendants of Captain John Smith and Elizabeth Simpson Prewitt—Wm. S. Kelly, Mrs. Wm. Graves, of Georgetown; Miss Alice Bright, Mrs. Walker Reid and daughter, Frances; descendants of General William Chandler Prewitt and Margaret Montgomery Edmiston—Mrs. Richard Spurr, Miss Julia Spurr, Miss Laura Spurr; descendants of Levi Prewitt and Margaret Boyce—Mrs. Caswell Prewitt, Mr. and Mrs. Robert D. Commissioner's Sale

William Devore's Heirs and Creditors, Plaintiff vs. William Devore's Heirs, Etc., Defendants
Pursuant to a judgment and order of sale entered by the Madison Circuit Court in the above styled action at its February term 1922, the undersigned commissioner will expose to public sale to the highest and best bidder what is described hereinafter as the garage property or transfer barn in Richmond, Kentucky, at the hour of 10 o'clock a. m. on **Thursday, September 28, 1922** the following described property, to-wit:

FIRST—The William Devore garage property or transfer barn lying on the corner of Main street and B street in Richmond, Kentucky, and fronting on Main street 75 feet, more or less, and running through same width to Irvine street.

This property will be sold as follows:

(1) The garage or transfer barn fronting 75 feet, more or less, on Main street and running back 151 feet, more or less. (2) Next will be sold two vacant lots, each fronting 50 feet, on B street and running back 78 feet, more or less, to the line of Zaring. (3) Next will be sold the store house and lot on the corner of B and Irvine street fronting 41 feet, more or less, on B street and running back 78 feet, more or less, to the line of Zaring. After selling the above lots separately the commissioner will then offer them as a whole and the bid

or bids bringing the most money will be accepted.

This lot of ground above described is one of the best located business houses, or best located for the erection of a business house or houses of any property in the city of Richmond, Kentucky. This property is on Main street, the principal paved street of the city of Richmond, Kentucky, and is one-half the distance from the courthouse in Richmond, Kentucky, to the depot, and is on the right side of the street and is accessible from three streets.

SECOND: Immediately after selling the foregoing property the commissioner will on the residence property of William Devore, located on the south side of Main street, sell said property to the highest and best bidder. This property is new, fronts 35 feet, more or less, on Main street and runs back 210 feet, more or less, and is improved by a practically new up-to-date 10 room dwelling house containing bath, electric lights and other conveniences. Possession will be given the garage or transfer barn on confirmation of sale. Possession will be given the residence property January 1, 1923. Said property will be sold on a credit of six and twelve months, the purchaser or purchasers being required to execute bonds with approved security payable to commissioner, and bearing six per cent interest from date of sale until paid, with lien retained on property until said bonds are paid.

CENTRE'S FIRST PRACTICE MONDAY

(By Associated Press)
Danville, Ky., Sept. 11—Preparing for the hardest schedule in the history of the institution "Uncle Charley" Moran, mentor of the famous Praying Colonels, will start practice Sept. 12th. With a nucleus of 13 letter men he will have to fill important places in the backfield vacated by Armstrong, McMillan, Murphy, Class and gaps in the line made by the loss of Chinn, Flippen and Gregor.

Assisting Coach Moran will be Jim Bond of Pittsburg University, who will coach the line and Robert Myers who will be theoretical coach. Chick Murphy, varsity '21, will coach the freshmen eleven. Bond will find the line that held Harvard, practically intact with the exception of Gregor, James and Chinn. Covington is slated to fill Bo McMillan's position as quarterback and to Moran lies that task. Covington showed wonderful ability as a broken field runner during his freshmen year and he, coupled with Red Roberts' interference should be responsible for many of Centre's scores.

Bartlett, Covington, Gordy, Jones, Gibson, Snowday, Rubarth, Thomasson, Roberts, (captain, Shadoan, Kubale, Tanner and Lomen, all C men will be back and also much raw material. Snowday is one of the best receivers of forward passes in the country and Kubale proved his worth as center last season. Captain Roberts will probably be an end and it is due to his terrific onslaughts and line plunges that Centre gains her yardage.

BURLEY DIRECTORS ARE POORLY PAID

The Stanford Journal prints the following which will set at rest many idle rumors: The silly report that the directors of the Burley Tobacco Co-operative Association receive the handsome salary of \$5,000 has gained currency. In order to find out exactly what the directors are paid this paper asked Hon. W. H. Shanks of this city, who is director from the counties of Lincoln, Garrard and Casey. He said: "We get the munificent sum of \$120 per year which is \$10 per month; it would be hard to figure how much per day. We also get our traveling expenses to and from Lexington when we are called there for a meeting or for other business." This should set to rest the report that evidently was started that the Burley Association might be damaged. We don't know all the directors but if they are anything like our townsmen in ability and otherwise, they are about the poorest paid bunch of business men we know of. The Journal says that a committee from the directors went to Stanford and approved the location selected for the pool receiving warehouse which will be dismantled at Lexington and erected in the Lincoln county capital to receive tobacco from a group of the southern counties.

Oneida To Resume

(By Associated Press)
Oneida, Ky., Sept. 11—Extension work at Big Creek, dropped by the Oneida Baptist Institute during the world war, will be resumed soon, it is announced at the institute here. The work will be started as soon as proper financial support for a minister who will act as principal of the school can be obtained. Oneida Institute opened August 28 and now has approximately 225 students of whom 21 boys and 23 girls are in the high school course. During July, according to a statement made public at the institute, a total of \$1,112.16 was received by the mountain school as gifts from friends. The largest sum was from Kentucky which contributed \$627.96, while Ohioans contributed \$195.46.

Notice To The Public

The fall season is now here and in a short time the leaves will begin falling. In the past, some residents have gathered up their leaves and placed them on the street; others have swept them upon the streets and before the city wagon could collect them a heavy rain came and the result has been the stopping up of numerous sewers about town and the city has been placed to considerable expense in clearing the sewers and collecting up the leaves.

Citizens are respectfully requested to gather up and burn the leaves on their own property as this will be a burden on no individual and will save the city considerable expense and trouble. 2t WM. O'NEIL, Mayor

Boys, 9 and 14, Arrested In Postoffice Robbery

AN ORDINANCE

Creating a fire zone in the city of Richmond, Kentucky; prescribing the buildings to be erected thereon; and providing penalty for the violation thereof.

1 Be it ordained by the Mayor and Board of Council of the city of Richmond, Kentucky, that a fire district or zone be, and the same is hereby, created and established within the city of Richmond, Kentucky, to include the following boundary:

Commencing at the intersection of Collins Street and Irvine Street in Richmond, Kentucky; thence south with Collins street to the intersection of Water Street; thence west with Water Street to the intersection of Lancaster Avenue; thence north with Lancaster Avenue to the intersection of Main Street; thence with Main Street to the alley leading from Main Street to North Street and being between the property of Walker and the Richmond Motor Company; thence north with said alley to Irvine Street; thence with Irvine Street east to the point of beginning.

2 That within the boundary mentioned in Section 1 there shall not be erected any building or structure, nor shall the same be repaired except of brick, concrete, steel or stone, nor shall any such building be built or repaired with a roof constructed of anything except a non-combustible material.

3 That any person, firm or corporation violating any of the provisions of this ordinance shall be fined in any sum not to exceed \$100.00 and any building built or repaired contrary to the terms of this ordinance shall be removed by order of the Council. All ordinances or parts of ordinances in conflict herewith are hereby repealed, and this ordinance shall take effect after its passage and publication as required by law.
